HAPPENINGS ABOUT CITY TOLD IN BRIEF

Miss Ella Oversteet, of Aiken, S. C., and Miss Lucyle Jans Boatwright of Ashville, N. C., have been visiting Miss Pearl Schwarzmann.

The Woman's Auxiliary of Christ Church will have a Hallowe'en Tea, Friday afternoon from 2 to 6, in the Parish Hall. Fancy articles and home made cakes will be on sale.

The Willard W. C. T. U. will be in charge of the prayer meeting at 7:30 o'clock tomorrow evening, at the Anne Lee Memorial Home for the Aged. A cordial invitation is extended to the public.

An important meeting of the Woman's Auxiliary to the American Legion will be held at 8 o'clock, Friday evening, at the home of Dr. Kate Waller Barrett, 408 Duke street. All members are urged to be present.

This is the evening on which Mrs. Giles Scott Rafter will make an address on "Cooperation of Parents With Schools," in the Young People's Building at 8 o'clock. Come out and bring your friends.

A bicycle belonging to Genevieve Shepperson was stolen from the hallway at the Wagar Apartments between 4:30 and 5:30 yesterday evening, and recovered by Police Sergeant Campbell within an hour after it was reported to police headquarters.

A meeting of the members of the congregation of St. Mary's Catholic Church will be held at 8 o'clock tonight in the Lyceum Hall for the purpose of completing plans in connection with the organization of a Catholic club that will arrange a series of entertainments to be given during the winter months at the Lyceum Hall.

The purpose are to clean and dye wearing apparel. Officers and incorporators are Joseph Hoffman, president. Harry Tucker, secretary; Benjamin Walder, all of Washington.

BAL MASQUE A SUCCESS

The Elks' auditorium presented a fairy scene last night at the masked ball given for the benefit of X-ray equipment at the Alexandria Hospital. The affair was a success in every particular.

Pretty girls in attractive costumes sold flowers, candies, cigarettes, cigars, horns and confetti. A fortune teller's booth was the center of attraction in the southeast corner of the hall, while in the opposite corner cooling drinks were dispensed.

The early part of the evening was given over to the little tots, and a large number were present enjoying the fun, and taking part in a number of special dance figures arranged for their benefit.

All Clues Fail

Authorities Baffled at Murder of Maj. F. M. Scanland

There are no new developments in the case of Maj. Frank Murphy Scanland whose body was found in the woods a mile north of this city last Friday evening. Chief of Police Goods detectives of Washington and the authorities of Arlington county have run down every clue furnished them thus far without results. The case is one of the most baffling they have encountered for a long time, although hope is expressed that the party or parties guilty of the murder will soon be brought to justice.

IDLE HOUR

A picturization of Zane Grey's great novel, "The Desert of Wheat" will be seen at the Idle Hour tomorrow when Roy Stewart and an all star cast will be the attraction in "Riders of the Dawn." This picture is touted as being equal to "The Riders of the Purple Sage", written by the same author.

CHURCH WAS RENDEZVOUS OF ALLEGTD NIGHT RIDERS

Montgomery, Ala., Oct. 28.—A small country church on the Cullman-Blount county line was the rendezvous of the alleged night riders who posted gins and stores with notices to close down until cotton was quoted at 40 cents a pound, according to officers who returned here last night after assisting in the arrest of 43 men.

All of the suspects lived within a radius of five miles of Arab, a small community in Blount county and were comparatively young men, most of them owners of farms and reasonably prosperous, the officers said.

The arrests followed investigations by W. J. Williams, State Fire Marshal and Conrad Austin, chief of the law enforcement squad. The latter said he had evidence enough to convict all of those arrested who will be charged with conspiring to commit a felony and uttering threats verbally and in writing.

High Priced Coal

Consumer To Pay Prohibitive Price For "Black Diamonds" This Winter.

The Gazette was shown a letter addressed to Thomas J. Fannon & Sons, local coal dealers, by the L. C. Crenshaw Coal Company, American National Bank Building, Richmond, Virginia, reading as follows:

October 26th, 1920.

TO THE TRADE:

Subject to prior sale, we offer any part of seven cars of Pennsylvania Anthracite Nut size coal, part of which is now enroute, at the price of $12.50 per 2,000 pounds f. o. b. cars mines, taking regular Pennsylvania Anthracite freight rates to your station, which we will be glad to quote.

It is impossible to buy any Splint Lump but can furnish you some Lumpy Run of Mine to contain approximately 60 per cent. lump in box cars at $9.00 per 2,000 pounds f. o. b. cars mines.

Yours Very truly,
L. G. CRENSHAW COAL CO.

The local concern immediatel, wrote the following reply:

October 27, '920.

To L. G. Crenshaw Coal Company.
American National Bank Building,
Richmond, Virginia.

Gentlemen:

In connection with your kind offer of Nut Coal at $12.50 per NET ton at mines, which would make the coal cost us $15.87 delivered here in Alexandria, please be advised that we are forwarding your letter to the Department of Justice for such action as they may deem proner to take.

We trust that the New Congress will awaken to the evils now existing in the brokerage phase of coal trade, and that they will see to it that the public is safeguarded against the unjust demands of those controlling the very necessities of life.

Respectfully,
THOMAS J. FANNON & SONS.

In connection with the above, one of the members of the local coal firm made the following statement: "While the quotation of practically $16. per net ton wholesale is the highest one ever asked of us for Anthracite coal, we will be glad to show the Alexandria public a letter from a Baltimore concern that quoted us Run of the Mine soft coal at a price of $16.57 per ton wholesale. The very cheapest price that we have been able to obtain in soft coal has been around $12.18 per net ton wholesale. Of course, these prices make it prohibitive for a retailer to consider the purchase of any coal at these figures, and thus do the restrictive prices work a hardship on both the patron and the dealer. The hands of the retail coal dealer. The hands of the retail coal is but one thing to do, and that is to wait upon the spasmodical shipments of the old companies who sell coal at probably better prices.

After the elimination of the "brokerage" evil from the coal industry, it remains for the powers to be to see that a fair universal price is fixed on the different grades of coal. This being done there would be no speculation in the greatest of human necessities, and the Alexandria dealer would stand equal chances with the present-day speculators or with buyers for European or Canadian firms.

Parkersburg, W. Va., Oct. 27.—Through a freak of nature on their farm Mr. and Mrs. Hileman of Central, are are raking in much money. For over two weeks there has been a light rainfall, there covering a limited area about 20 feet square.

LEAGUE OF NATIONS FOR PEACE NOT WAR

Acting Sec. of Commerce Sweet Gives Able Address on Article 10

R. W. MOORE SPEAKS

Predicts Big Democratic Majority in Eighth District With 6000 Women Voters

The idea of and purpose of the League of Nations is to maintain the peace of the world declared Edwin F. Sweet, acting Secretary of Commerce before a large and enthusiastic democratic rally last night in the opera house under the auspices of the Cox, Roosevelt and Moore Club.

The speaker went into a detailed explanation of article ten of the League. The chief objections raised he said is that it will get us into war. This he said is absolutely untrue, Article 10 he said provides that in case of aggression the council shall advise the best method to prevent it. It would be asserted cause any nation contemplating war to stop, think and take notice. The league he said is a growing concern and is here to stay and the only question is whether or not we will join it.

The speaker told of the material benefits to be derived from being a member of the league. It will provide he said for gradual disarmament, resulting in the saving of millions of dollars and also in a reduction in the standing armies of the world. The Monroe Doctrine he said was established ninety-seven years ago and it never got America into trouble and the league is not any near as warlike as this he said.

Opening his remarks the speaker said the league first originated in 1908 in North Carolina and next was advocated by President Taft for the enforcement of the peace of the world.

Mr. Sweet said Senator Harding in Baltimore practically said his mind is a blank on the League of Nations and he added Harding's purpose is to throw dust in the eyes of the voters and make it difficult for them to understand the issues. He said that Senator Hiram Johnson wants to scrap the league and Former President Taft wants to get into the league and both he said are supporting Harding.

Representative R. Walton Moore made a brilliant address on the campaign issues and he said the signs are propitious for Cox and Roosevelt. The eighth district he predicted would roll up the usual democratic majority and with the 6,000 women voters in this district he said it would swell the majority. The speaker admitted there were some irregularities during the war but said the republicans were as much to blame for these as the democrats. The world war he said was carried to an overwhelming victory under the democratic party. The republicans he said claim the democrats ought to be displaced to get rid of the southern influence in this country. The speaker took a shot at the republicans and their candidate and he gave an able review of the League of Nations.

The meeting was opened with an address by Gardner L. Boothe who presided. He gave instructions on how to prepare the ballot on next Tuesday. There are five candidates for president and he said ballot will be about four feet long. It is not necessary he said to scratch the electors of the different presidential candidates, but simply scratch the names of all except those whom you intend to vote for. There will be two constitutional amendments he said on a separate ticket, one for good roads and the other for schools. The ladies he said would have to carry with them on election day their tax receipts, otherwise they cannot vote as owing to the short time the city treasurer has not had an opportunity to make up the book.

Mr. Boothe said that Mr. Harding has stuck pretty close to the back porch, whereas Governor Cox has faced the people and let all know where he stands on the issues of the day. In the last two weeks he said the pendulum has started to swing to Cox.

Among those who occupied seats on the stage were Hon. Edwin F. Sweet, Representative R. Walton Moore, Gardner L. Boothe, treasurer of the Cox, Roosevelt and Moore Club; City chairman Charles Bendheim; Mayor James M. Duncan, Commissioner of Revenue Charles M. Callahan, Commonwealth's attorney Howard W. Smith; F. F. Marbury, president of the board of aldermen; H. R. Burke, president of common council; Councilmen C. W. Wattles and N. J. Lawler and D. R. Stansbury, clerk of common council and Rev. Edgar Carpenter.

Tonight a mass meeting will be held in the opera house at 8 o'clock, at which time a number of women speakers will be present and make addresses. Mrs. M. W. O'Brien will preside. Both men and women are invited to attend. Noted speaker will be on hand to discuss the issues of the day.

CONFEDERATE VETERANS ENTERTAINED

The Pacific Division of Confederate Veterans were entertained at 920 Baker Avenue by Dr. and Mrs. George T. Klipstein on September 26. There were about fifty guests present. Some members of the Daughters of the Confederacy were included in the number.

Mrs. Douglass, state president of the U. D. C's was an honor guest. The meeting was quite a pleasant one. The color scheme, green and old rose, was carried out in the refreshments. Ice cream was served in small old rose flower pots, set upon asparagus fern, and each serving had a rose bud "growing" in its center. The program was informal and consisted of minutes and discussions by the members, a reading by Dr. Klipstein, and an address by Mrs. Douglas, and vocal solos by Miss Mary Virginia and Agnes Ross Platt, accompanied by Mrs. Winship.—Copied from The Laymen-Bell Herald, California, October 7, 1920.

ENTERTAINED LAST NIGHT

The Loyal Order of Moose No. 1076 and the women of Mooseheart Legion last night celebrated Moose Day at thir new home, corner Duke and Royal streets. A large delegation of men and women from Columbia Lodge of Washington took part in the exercises. A lecture was delivered by H. F. Chichester, Dictator of Lodge 1076 on Mooseheart, and was enjoyed by all present. He spoke of the wonderful work being done at Mooseheart, an institution conducted by the Loyal Order of Moose, and the Women's Legion, where 865 little orphans are being cared for, and given a trade wherein they can earn an honest living after becoming o'd enough to leave Mooseheart. This, he said was the largest of its kind in the United States, if not in the whole world. After the lecture all joined in singing the "Star Spangled Banner," and a song dedicated to Mooseheart was sung by the little children present, which was about 50 in number. After the services all were invited to the reception room where refreshments was served, which had been arranged by the Women's Legion, and then came a great surprise when two of the Brither Moose, started a tune on their violins, and all proceeded to the dance hall, and joined in the dances. The crowd left at a late hour, all having expressed their thanks and appreciation for the pleasant evening afforded them by the L. O. O. M., 1076.

Refuses Information

Police Seek to Learn Where Samuel Bell Came From

A man giving the name of Samuel Bell who says he is forty-one years old was found roaming barefooted in Fairfax county yesterday by Constable Dove of that county and brought to police station and locked up. Bell steadfastly refuses to divulge where he came from and the police are somewhat mystified at his refusal to divulge this information and will make a further investigation of his case. On his inside shirt there was the figure four printed with indelible ink. Bell wears a heavy beard and poorly dressed.

HOW TO VOTE THE DEMOCRATIC TICKET

Draw Line Through All Presidential Candidates Except Cox

CUT POLLARD FOR SEN.

Scratch Brocks For Congress and Leave on Congressman Moore—Amendments on Separate Ballot

The ballot that will be handed you at the polls will be about three or four feet long, and will contain the names of the various candidates for President and Vice President, and under the names of each candidate for President and Vice President will appear a list of the names of the Electors for each candidate. After the list of candidates for President and Vice President, and their electors, there will appear near the bottom of the ballot, the names of candidates for United States Senate, and under that, and in conclusion, the names of candidates for Congress.

Probably the democratic candidate for President will appear at the top of the ballot, and the Democratic candidate for Senate will be the first name on the list of Senatorial candidates, and the Democratic candidate for Congress will be the first name on the list of candidates for Congress.

Therefore, in order to scratch your ballot properly, observe the following instructions: Do not scratch anything until you get down to the name of Harding. Draw a straight line through the name of Warren G. Harding, and the names of all other candidates for president and vice president until you get down to the heading "For United States Senate," and draw a straight line through the name Pollard. Then under the heading "For House of Representatives," draw a straight line through the name Brooks. Then fold your ballot and deposit it in the ballot box.

Constitutional Amendments

Vote for the Constitutional amendments for good roads and schools. These amendments will be on a separate ballot from the presidential ticket. In order to vote for the amendments, strike out the word 'against' Fold the ballot and deposit it in the ballot box.

There will be two ballot boxes, one for your ballot for President, and one for your ballot for the Constitution amendments. The judges of election will show you which box to deposit the ballots in.

All women voters will be required to produce their tax receipts for pole tax. So be sure and bring your pole tax receipt with you when you go to the polls.

Support All Democrats

Failure to do so Will Disqualify Democrats From Participating in Primary Next Summer

As is well known, the Democratic party makes us of the primary system in nominating candidates.

Attorney General Saunders has issued a decision construing the Primary law, in which he holds that any Democrat who does not vote the full Democratic ticket at the approaching election, November 2nd, will be barred from voting in the Democratic Primaries which will be held next summer to select candidates for Governor, Attorney General, Superintendent of Public Instruction and other state offices and members of the House of Delegates.

Asks Sec. Colby To Recognize Irish Republic.

Washington, D. C., Oct. 27.—Eloquent appeals for recognition of the Irish republic by the United States were made to Secretary of State Colby last night by a committee of prominent leaders in the Irish cause, who met the Secretary by invitation at the State Department.

The petition presented by the committee also asks that the American Ambassador at the Court of St. James be instructed to protest to the British government "against the atrocities perpetrated in Ireland by British military rule upon innocent men, women and children.

Secretary Colby, after hearing the appeal, thanked the members of the committee for their statement, but gave no intimation as to whether or not any action by this government would be taken.

Urge Separate Boxes For Votes Of Gentle Sex.

The attorney generals of thirty-two States were requested yesterday by the National Association Opposed to Woman Suffrage to separate the ballots of women from those of men on election day to "mitigate the approaching chaos" which the association forecasts due to the questioned validity of the ratification of the suffrage amendment.

Action already has been taken in Illinois, according to the letter signed by Mary G. Kilbreth, president of the association, to contest an election by a candidate who charges his defeat to "illegal voters of the female sex."

The letter also states that similar action probably will be taken in almost every State, due to the impossibility of a final court ruling on the suffrage question prior to the election and that both parties must be prepared for such a step by having the ballots of men and women kept separate so that an election may be had even if the votes of women are thrown out.

WOMAN SHOOTS LIQUOR THIEF

Robbers Get Away With 40 Cases Of Champagne.

Philadelphia, Oct. 27.—Mrs. William Gilchrist this morning shot one of five burglars who were removing cases of champagne from the cellar of her home. There were 110 cases, of which the thieves succeeded in stealing 40.

A noise in the cellar and barking of a pet dog awoke Mrs. Gilchrist. She took her revolver and tiptoed to the window. She saw a big truck outside and three men busily loading on the crates of champagne.

Mrs. Gilchrist flung open the window and fired. She saw one man stagger. The robbers then fired at the woman but without effect. They then fled in the machine.

A bright, clean, new building, conducted along the best of modern business lines. Perfect storage facilities—no crowding. Several entrances or exits. A straight run from the street to the second floor. Fireproof—concrete and steel construction. Gasoline, oil, air station and office located directly in the center of the ground floor. Ladies' rest room on first floor. "Cleanliness, Convenience, Comfort"

For your and your car

THE REASON FOR THE NEW BUILDING

On the morning of December 4th, 1919, the fire alarm bells sounded and the blaze was discovered in the third floor of our building, in use at that time. It was one of the coldest mornings of an extremely cold winter and before the blaze had been quenched by the city firemen, the building and almost all of its contents had gone up in smoke. The loss was very great, but we knew we must rebuild and immediately started planning to that end.

WORKING UNDER DIFFICULTIES

We were unable to make a start at rebuilding until after the opening of spring and at that time we experienced difficulties in lining up the right kind of workmen. However, the contract was awarded as soon as the plans were completed and, although the work has been delayed from time to time, we are now ready to throw the building open to the general public.

THE NEW BUILDING AND ITS BUILDERS

The plans having been completed to our satisfaction, the general contract for the construction of this beautiful garage was awarded and this contract was sublet to specialists in the various lines.

We have included these firms in our Opening Announcement, primarily because they are entitled to a share of the credit in the opening of this beautiful new addition to Alexandria's growing business interests, in the splendid work or product they have contributed to its construction.

GENERAL CONTRACTOR
H. HERFURTH, Jr.

Upon Hugo Herfurth, Jr., as General Contractor, rested the entire responsibility for the construction of the new building. Mr. Herfurth having general supervision over all work and men. The dismantling of the fire-swept walls started May 15, 1920. No time was lost while the old building was being razed—another crew being busily engaged in clearing away the debris and laying foundations for the new building. Good weather favored them and the new structure rose like magic under a well organized crew which at times numbered 75 men

The work of drawing the plans for the new building was left to Speiden and Speiden. Plans were changed several times to conform to new ideas and to a larger building than was at first contemplated. Their work was highly commendable in every respect.

There is not another building in this city with a more pretentious looking front than this new automobile home. The brick work throughout was done in a thoroughly capable manner by E. E. Simpson and Bro.

TO THE NEW VOTERS

It is somewhat surprising that so little use has been made in this campaign of a poem—one of the best that came out of the war—which is in itself a telling argument for the right. The concluding lines of the late John McCrae"s "In Flanders Fields" are used effectively by a writer in The New York Evening Post in an eloquent appeal "To a New Voter." The writer tells those who are to cast their first ballots (young men and women of all ages above 21) that "out of a great agony there was born a great hope," but that hope is now bedimmed, not alone because of politics or patisanship, though they have helped, but because "people are tired." He adds:

Men have tired of the lessons of the war because they have their work to do, their families to provide for, their normal life to reconstruct. They have no time for much else.

But how is it with you the boys of yesterday, and the women, upon whom the daily grind of the economic machine does not bear so heavily or bears down not at all? Why should you be too busy to remember? Why should you be so anxious to foget? * * * You have not the same excuse for feeling tired that your husbands and fathers may have. And you have had every reason to feel the great agony and the great hope more sharply than they have felt. More than any other body of voters, it is to you the first voters of twenty-one or sixty.

To you, from fallings hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppopies grow in Flanders' Fields.

Monday Will Be Your
Opportunity To Buy
Neponset Floor Covering
At 85c a yard

Not for 12 months will another special demonstration sale be held. If you are in need of floor covering, or if you are going to need some in a month's time—this is your opportunity to save on every square yard that you purchase now.

The demonstration will start next Monday morning and continue throughout the entire week. We have received hundreds of yards of this floor covering and we expect to sell the greater portion of it. See it in our windows—then come in the store and let the factory expert explain its advantages over the ordinary kind of floor coverings.

100 Per Cent Waterproof
"Neponset" is not merely waterproof on top and bottom, but 100 per cent waterproof through and through. Water cannot fade the handsome "Neponset" colors; it will not dim the artistic "Neponset" patterns that housewives all the country over are so enthused about, neither will it soak in and injure it in any way—because "Neponset" can lay in the water for weeks and never be the worse off.

Will Not Decay
Because "Neponset" is 100 per cent waterproof there need be no fear of it rotting or decaying as most moderate-priced floor coverings do. It is guaranteed rot-proof, and will give better and more satisfactory service than any other floor covering you have seen at double its price. It is thick, durable, sanitary and easily cleaned, and will last for years and years.

Beautiful Patterns
Nearly twenty different patterns to select from; patterns that are suitable for Kitchens, Dining rooms, Bedrooms, Living Rooms, Bathrooms, etc., every one new, many just off the press. There are tile, wood, matting, block, conventional and allover effects in striking color combinations that are sure to please every modern housewife.

BE SURE TO WATCH THE "NEPONSET" DURABILITY TESTS THAT ARE BEING ARRANGED

We intend to prove "Neponset's" wonderful durability by the stiffest tests imaginable. We are going to place a piece of this floor covering on the sidewalk in front of our store—a piece that will be cut from our regular stock. It will be subjected to all the weather conditions next week. Hundreds of people will walk on it during the week. In this way we expect to subject it to more and harder wear than it would receive on your floors in a year's time.

Be sure and come Monday and examine this piece of Neponset and you will certainly be surprised to note the continued freshness and substantial appearance. Then keep close watch of it during the week and see how the wear and tear effects it.

DON'T DELAY YOUR PURCHASE—WHEN YOU COME TO THE DEMONSTRATION DON'T FORGET YOUR ROOM MEASUREMENT
